#### Develop a business continuity plan:

\$100,000 to develop a business continuity plan for those businesses possibly impacted by the introduction of light rail.

#### A new community centre:

Last year Randwick Council decided to upgrade the former Bowling Club site in Kensington Park and convert the building into a community centre with the grounds used for a half basketball court, fields for 5-a-side soccer, seniors' outdoor gym and car parking. We recently asked the community for their feedback on this proposal and we are currently going through the hundreds of comments from local residents.
